

Viewing an ePAF

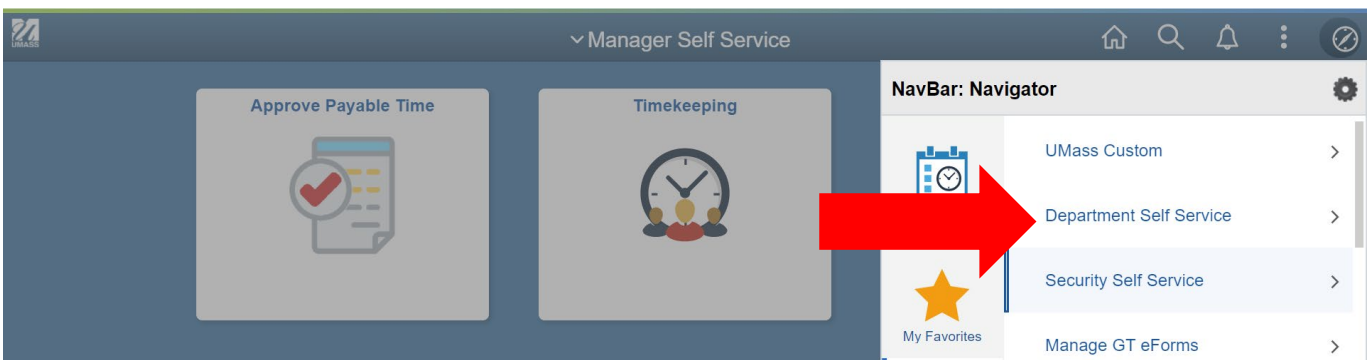

By using this View an ePAF page you can determine what the status is of the ePAF form. You will be able to determine if the ePAF is still pending approval, where the form is. Is it pending approval within the department? Has it made its way to HR where it is pending processing? Has HR loaded the ePAF?

From your main dashboard in HR Direct

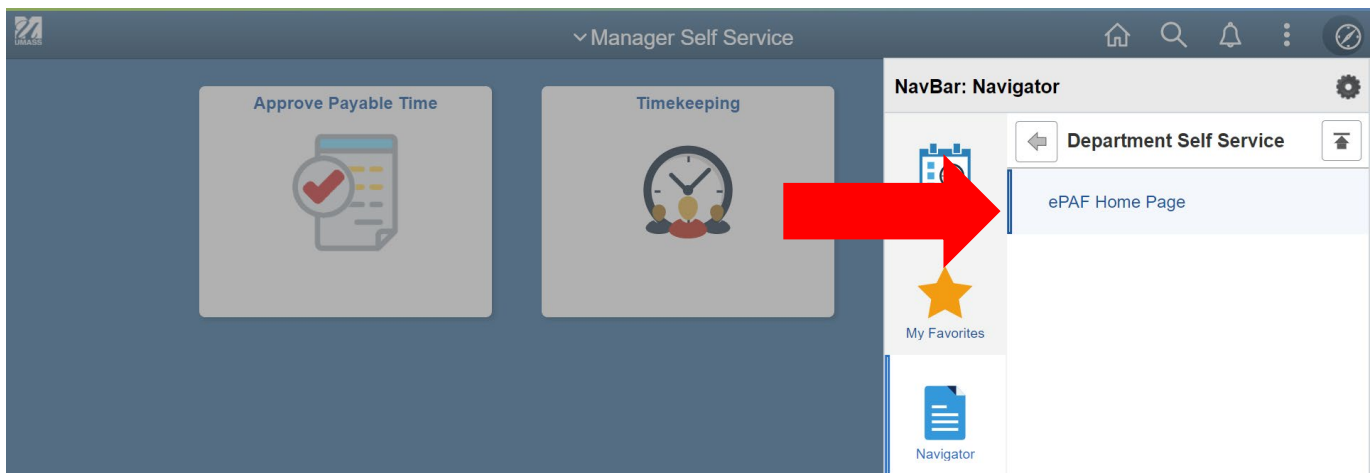

Select and open the **NavBar**

Select Department Self Service

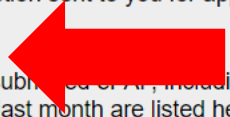

Select ePAF Home Page

Select View and ePAF

This section shows you details of what is going on with the ePAF.

Original Operator: shows you who initiated the ePAF.
Next Approving Role User: shows you where the ePAF currently is.

Who can work this form? Shows you who has access to approve the form

The Process Visualizer will show you where the ePAF is currently located.

The screenshot shows a close-up of the 'Process Visualizer' grid. Step 12, 'HCMU_GT_HR_UPDATE', is highlighted with a blue square. A red arrow points to this step.

The blue square shows you the current ePAF location. If the Integration Broker or System is selected in blue then the employee has been processed by HR.

Visualizer Helpful hints:

Squares with check marks means that the form stopped in that queue and was approved.

Arrows mean that the form bypassed that approval queue (approval was not required).

HCMU_GT_HR Reviewer approval queue is where HR evaluates if this is a new employee. A review for the proper documentation (I9 and Personal data) is done. If so, the form will be approved. If a form is lingering in this approval queue, then the employee should reach out to HR and confirm their documentation is completed.

HCMU_GT_HR_UPDATE and HCMU_GT_HR_UPDATE_2 are the HR queues where the employee is pending process entry by HR. Please note that there are deadlines in place on when a form needs to be fully approved and in HR for HR to process on the next payroll run.

Transaction Log will show you step by step for each stop the form has made who has approved the form.
